February 2022

Dear Friends,

It's February! Valentine's Day is fast approaching, there is much talk about love. I am reminded of those two funny-looking cartoon characters that were so popular several years ago. I'm sure you remember them. They were a couple holding hands and there was always a caption beneath them that said, "Love is..." followed by a statement of whatever they perceived love to be. These little figures appeared on everything from jelly-jar glasses to key chains. The really strange thing is that I don't recall the captions ever stating what love is according to how it is defined in First Corinthians 13:4 to 8." Love is patient, love is kind. It does not envy, it does not boast, it is not proud. It does not dishonor others, it is not self-seeking, it is not easily angered, it keeps no record of wrongs. Love does not delight in evil but rejoices with the truth. It always protects, always trusts, always hopes, always perseveres. Love never fails." (New International Version)

While everyone is thinking about Valentine's Day and love, let us not forget what real love is. "For God so loved the world that He gave His only begotten son, that whosoever believeth in Him should not perish but have everlasting life." John 3:16. (King James Version) God loves you! In any language there are no more wonderful words. "But God demonstrates His own love for us in this: While we were still sinners, Christ died for us." Romans 5:8 God showed us His love by sending His Son, Jesus, Christ, into the world to suffer and die on the cross in our place and to rise again to conquer sin and death.

Remember how much God loves you. If you have not asked Jesus into your heart and life, I would urge you to invite Him into your heart today.

Let us ride through life together in hope and patience, entrusting ourselves to God, and always being faithful in prayer.

Spring, ice-free roads and the riding season are just around the corner! Everyone is eager to get out there and ride. When the weather prevents our getting together to ride, the next best thing is to get together to "talk" about riding. There are several here, where we live now, who have talked to us about their riding experiences. Many sought us out because of the

various charity ride T-shirts that Kathy and I frequently wear. Those T-shirts sort of broke the ice when we arrived. We all have so many precious memories that we like to share.

We are all “Riding the Road of Life” and may face difficulties, so let’s trust the Lord and hang on to His promises. Be content where we are, knowing that God will enable us to make our mark on the “now” as He leads us forward into the future!

Prayerfully decide where you will be most effective. Don’t miss any opportunity to make an impact for Jesus.

Please pray for our country, our troops, firefighters, law enforcement officers, first responders, all those in the medical field and everyone who is serving to keep us safe!

May God smile upon your life so that the smile in your life reflects God’s presence in it.

Until next time, love Jesus, be thankful and keep doing the good stuff.

*God bless.
Riding with Jesus,
Bob Dillon
